

Let's Stop Lying

Avery

I've been settling for less
Cuz I'm scared to be alone
Nowhere else to go
So I lied and called this love
Figured it was close enough
It never felt like home

All these long nights
Picking dumb fights
I don't like you anymore

So fuck this
Cuz true love exists
And what I feel for you is mediocre as shit
Aww yeah
It's time to call it

Yeah fuck this
We can't be fixed
I don't know what love is but it sure isn't this
Aww yeah
Let's stop lying

Then you lean in for a kiss
And it almost makes me cringe
This must be the end
I just feel it in my soul
It was all supposed to be
More beautiful than this, yeah

So fuck this
Cuz true love exists
And what I feel for you is mediocre as shit
Aww yeah
It's time to call it

Yeah fuck this
We can't be fixed
I don't know what love is but it sure isn't this
Aww yeah
Let's stop lying

Oh oh oh oh oh
True love exists yeah so
Oh oh oh oh oh
Let's just stop lying

One day I'll look into someone's eyes
And come to life

So fuck this
Cuz true love exists
And what I feel for you is mediocre as shit
Aww yeah
It's time to call it

Yeah fuck this

We can't be fixed
I don't know what love is but it sure isn't this
Aww yeah
Let's stop lying

Oh oh oh oh oh
True love exists yeah so
Oh oh oh oh oh
Let's just stop lying
