

# Melody Unfair

Avey Tare

Melody unfair  
You think she aims to please  
You turn and she's not there  
She's tuned to tease

She crept up to my front door  
Rang the bell and now she's leaving

Melody unfair  
Her cries distract, she plays  
She moves  
You follow  
Where?  
Comfort decays

Melody unfair  
Melody unfair

Melody unfair  
All she gives will wash away  
A hum  
She's almost there  
Sweet melo  
Delayed
