

It Knows Me

Avi Kaplan

I seek the water
I seek the trees
I seek the heavens
I'm brought down to my knees
Yeah, I know anger
I know peace
Yeah, I know darkness
Mmm, and it knows me
And it knows me
And it knows me

I've felt the fire
I've held the sword
I've fought desire
Mmm, but I lost that war
Crying out in shame
Oh, for goodness sake
I tried to disagree
Oh, but it knows me
And it knows me
And it knows me

Rest my soul, grace set me free
I know my sins and they know me

And it knows me

And it knows me

Rest my soul, grace set me free
I know my sins and they know me
