

## On My Way

Avi Kaplan

Mama it's been far too long  
Since I've been back home and we sang a song  
But time's gone by like a cloudy day  
And just fell away like a drop of rain

But hey I'm on my way  
Hey  
Hey I'm on my way  
I hate that we've had to wait

Papa I do pray you're well  
That a worried thought never comes around  
I got your blood and I got your name  
If I got your will I should be ok

But hey I'm on my way  
I hope that you've been ok  
Hey I'm on my way  
I hate that we've had to wait

Sister I've been missing you  
We saw the world and we made it through  
You've held my hand and you've wiped my tears  
Lord it feels like a hundred years

But hey I'm on my way  
I pray that you've been ok  
Hey I'm on my way  
I hate that we've had to wait

Brother you've been on my mind  
All I want is to see you smile  
Though you've gone to the Galilee  
I know your heart is next to me

But hey I'm on my way  
Hey  
Hey I'm on my way  
I hate that we've had to wait  
Yeah, I hate that we've had to wait
