

# Without Your Lovin'

Avi Kaplan

Early morning  
Thoughts rolled in  
But I turned my eyes away  
They were blessed to find your gaze  
When shadows fall  
You are the glow  
You're my sunshine in the rain  
You're the healing for my pain

What would I do without your lovin'?  
What would I do without your care?  
Don't know what I did to deserve this love I get  
What would I do without your lovin'?

Take my hand  
Down the old road  
Where our love grew like the trees  
As we dance below the leaves

What would I do without your lovin'?  
What would I do without your care?  
Don't know what I did to deserve this love I get  
What would I do without your lovin'?

What would I do without your lovin'?  
What would I do without your care?  
Don't know what I did to deserve this love I get  
What would I do without your lovin'?
