Aviana

Surroundings that withers our sanity
Just smile through your own tragedy
When everything, when everything is how it seems
It is what we choose to see that determines what we believe

Filtered air made our lungs weak
Shame on those who dare to speak
Constant light made our eyes go blind
Keep your place in the line
There's nothing out there for you to find
Keep your place in the line
There's nothing out there for you

I fall behind, for every day I fall behind
Drained and transparent, I step aside
I can't remember why

This prison has no walls
A lifetime sentence for us all
Even if I breathe, do I live?
It's one for one and none for all
And I forget why, why pain is worth it in the end
That the horizon is not the end

A simple life to be buried in the sand of the hourglass
Bury me
I do confess, confess that I have been blessed

This prison has no walls
A lifetime sentence for us all
Even if I breathe, do I live?
It's one for one and none for all
And I forget why, why pain is worth it in the end
That the horizon is not the end

Why pain is worth it in the end
Why pain is worth it in the end
Why pain is worth it in the end
