

My Worst Enemy

Aviana

Erase the line between dream and reality as gravity redefines
Erase the line between a defenceless witness or its vicious counterpart

The only way out: through the mouth of the beast
It swallows me whole, skin and bones
Another layer of fear, another layer of this dream
None of this is real

None of this real, none of this I can believe

Thousands of nights blur into one
I know what's to come
A battle with two defeats
My own worst enemy

Erase the line between dream and reality as gravity redefines
These walls, these walls were built to keep them out, but I'm the one imprisoned
The sentence without conviction

Where do I run to? Where do I run to?
Out of control, always heading the wrong direction
Where do I run to? Where do I run to?
In a place like this, there's no room for affection

None of this real, none of this I can believe

Thousands of nights blur into one
I know what's to come
A battle with two defeats
My own worst enemy, my own worst enemy

I cannot move, I cannot scream
I cannot breathe, but I can see
I cannot move, I cannot scream
I cannot breathe, but my eyes, they still can see my worst enemy
Go, go, go, go
But my eyes, they still can see my worst enemy

I cannot move, I cannot scream
I cannot move, I cannot scream
I cannot breathe, but I can see
