

REDROOM

Aviana

You're contemplating with you eyes sealed shut close
Still alone in a room, you're left for dead
Your eyes roll back while you're trying to decode
The decisions you chose that made you look this bad

Shadows chasing you like sharks to the blood pool
The only way out is deep diving through

Stay in my arms
I am here for
Your lifetime
Stay in my arms
One last time

One last time
One last time
One last time
One last time

Once the bullet left the chamber there is no turning back
And even if the rope gives in there's still a broken neck
As the water leaves your lungs there's no more air to catch you
r breath
Since the cuts were vertical there's only red always death

There's only red only
Death
Once the bullet left the chamber
There is no turning back
There is no turning back

Stay in my arms
I am here for
Your lifetime
Stay in my arms
One last time
