Eye of the Storm

Aviators

When the thunder starts to roar
When we're under fire
I would like to think you'd hold
On when the stakes get higher
Hold your breath until it clears
We'll learn to conquer our own fears
Six to together, six to fall
We're tearing down these walls

The world needs heroes
So leave nothing up to fate
We will raise our guns for justice
Now humanity awaits
When the battle's on
We've just begun
And it's for this life we're born
In the darkest skies
It's you and I
You're the shelter to keep me warm
In the eye of the storm

In a whirl of dust and sadness
You would hear my weakest call
And I've had your bound protection
When my back's against the wall
So keep the faith, don't give up yet
We're far too close to forget
Storm winds brewing in the night
Just out of sight

The world needs heroes
So leave nothing up to fate
We will raise our guns for justice
Now humanity awaits
When the battle's on
We've just begun
And it's for this life we're born
In the darkest skies
It's you and I
You're the shelter to keep me warm
In the eye of the storm

(Eye of the storm...)

There's a tension
I can feel it
Getting stronger every day
Fear the worst
But keep on hoping
For the cause we're here to stay

I need you to keep my heart still beating
I need you to keep my spirit strong
In this storm we're in the midst together
So we'll try to keep fighting on

The world needs heroes
So leave nothing up to fate
We will raise our guns for justice
Now humanity awaits
When the battle's on
We've just begun
And it's for this life we're born
In the darkest skies
It's you and I
You're the shelter to keep me warm

The world needs heroes
So leave nothing up to fate
We will raise our guns for justice
Now humanity awaits
When the battle's on
We've just begun
And it's for this life we're born
In the darkest skies
It's you and I
You're the shelter to keep me warm
