Lights

Aviators

I've been watching you stumble through the darkest night
Let me tell you it's gonna be alright
I can see you've been trying but your wings got clipped
Been waiting in line but your turn got skipped

I'll be there when you need me
I'll be there when you call
Yeah, I'll be there to catch you when you fall
Know that I'll never leave you
Out here on your own
I'll be the lights that guide you home

Been a long time coming, feelings for you
My hearts been skipping a beat, maybe two
Right now you're weak but you'll be strong
I know a place where you belong

I'll be there when you need me
I'll be there when you call
Yeah, I'll be there to catch you when you fall
Know that I'll never leave you
Out here on your own
I'll be the lights that guide you home

I don't know if you want me or if you care
But even if you don't I'll be there
'Cause when I'm beside you my soul burns bright
Let me be the one, let me be your light

Now I know you've had problems, we could solve 'em
We could make it through, tried and true
We could fight 'em off, all of 'em
We could make it through a brighter day, anyway
Getting by another way, so I guess I'm trying to say
I wanna be the lights guiding you through the night
When things get dark, when you don't know what's right
I wanna hold your hand, and tell you that you can
So don't worry, it's gonna be alright

I'll be there when you need me
I'll be there when you call
Yeah, I'll be there to catch you when you fall
Know that I'll never leave you
Out here on your own
I'll be the lights that guide you home
