

Until I'm Dead

Aviators

I guess I've known my share of fear
But there's no pain when you hold me here
We'll talk until our voices break
I hope you hear me anyway

My memories feel empty without you
The only thing that feels like a home
Your words are living deep in my heart
As you are
Will you be my cornerstone
Together in the troubles we shine through
The joy and all the tears that we shed
Yeah, I think I'm gonna have to love you
Until I'm dead

(Until I'm dead) Until I'm dead
(Until I'm dead) Until I'm dead
(Until I'm dead) Until I'm dead
(Until I'm dead)

Tonight I curse these miles apart
But fate can't keep me very far
Our journeys end and start anew
I'm always coming back to you

My memories feel empty without you
The only thing that feels like a home
Your words are living deep in my heart
As you are
Will you be my cornerstone
Together in the troubles we shine through
The joy and all the tears that we shed
Yeah, I think I'm gonna have to love you
Until I'm dead

(Until I'm dead) Until I'm dead
(Until I'm dead) Until I'm dead

I'm clueless and confused
Few things I know forever
But I want you 'til the end
You are my sun and moon
A lifeline everlasting
That I can't comprehend

And when we're gray and old
I wanna be within your story
When this lover's tale is told
We stumble as we grow
But you held me tight
One autumn night
And I'll never let you go

My memories feel empty without you
The only thing that feels like a home
Your words are living deep in my heart
As you are

Will you be my cornerstone
Together in the troubles we shine through
The joy and all the tears that we shed
Yeah, I think I'm gonna have to love you
Until I'm dead

(Until I'm dead) Until I'm dead
(Until I'm dead) Until I'm dead
(Until I'm dead) Until I'm dead
(Until I'm dead)

(Until I'm dead) Until I'm dead
(Until I'm dead) Until I'm dead
(Until I'm dead) Until I'm dead
(Until I'm dead)
