We'll Never Know

Aviators

```
I'm afraid we'll never know
The paths we didn't choose
I'm too scared to let it go
So long we've been confused
You hated
The way I
Never made a move without a plan
But no more
Now I'm
Just moving whichever way I can

Turning tides and
Days gone by
We'll never know
The time we wasted
Don't look back
I'm far behind
We'll never know
How far we've faded

Some would think we're still in place
But this place isn't home
I've stopped trying to show my face
Because we're so alone
I hated
The way you
Never made an effort towards tomorrow
So will you?
We know now
There is no time left to borrow

Turning tides and
Days gone by
We'll never know
The time we wasted
Don't look back
I'm far behind
We'll never know
How far we've faded

I've never known someone like you
But I hate everything we do
Nobody cares anymore
With all the secrets out the door
We'll never know what we had before

Turning tides and
Days gone by
We'll never know
The time we wasted
Don't look back
I'm far behind
We'll never know
How far we've faded
```
