

Unbreakable

Avicii

Renegade by nature,
child of the wild,
wrestling with danger
right into the arms of the night

They are not going to save you,
run for your life,
let the moment take you
right into the arms of the light

When thunder rolls
the winds will blow,
and through the storms
I ride alone

Nothing can tame me,
nothing can chain me,
im unbeatable tonight

No tears will I cry,
my animal light,
unchangable

Im unbreakable
Unbreakable
