I cannot understand the lies you're spreadin'
Cause to my face you say baby I'm hurtin'
You say I'm your weakness but you is just greedy
You want to be free but you want to complete me

I shoulda listened to my intuition
Right from the start it seemed like you were trippin'
You're eyes are empty, like you've found my heart
Now we are here again, back again at the start

I will not 'poligise I will not walk away
I will not compromise you'll find I'm here to stay

Cause I'm a fighter, a tiger, see me walk through fire
Try chain me up but I'll burst through, I'll defy ya

Set me on fire
Watch them conspire
I will defy ya
I'll set them on fire

Cause I'm a fighter, a tiger, see me walk through fire
Try chain me up but I'll burst through, I'll defy ya

Set me on fire
Watch you conspire
I will defy ya
I'll set you on fire

Da da da da dada da da
Burn Burn Burn Burn
Burn in the fire

Da da da da dada da da
Burn Burn Burn Burn
Burn in the fire

It seems I'm losing myself like a victim
But I'll never let myself lose position
I want to work you deep into my system
Somehow I know it will not come to fruition

Now here's my secret and don't you forget it
My heart is empty the way that I kept it
There's no point in me telling that they won't listen
I know they want to keep me in their prison

I will not 'poligise I will not walk away
I will not compromise you'll find I'm here to stay

Cause I'm a fighter, a tiger, see me walk through fire
Try chain me up but I'll burst through, I'll defy ya

Set me on fire
Watch them conspire
I will defy ya
I'll set them on fire

Cause I'm a fighter, a tiger, see me walk through fire
Try chain me up but I'll burst through, I'll defy ya

Set me on fire
Watch you conspire
I will defy ya
I'll set you on fire

Da da da da dada da da
Burn Burn Burn Burn
Burn in the fire

Da da da da dada da da
Burn Burn Burn Burn
Burn in the fire

Cause I'm a fighter, a tiger, see me walk through fire
Try chain me up but I'll burst through, I'll defy ya
I will not apologise I will not walk away

Cause I'm a fighter, a tiger, see me walk through fire
Try chain me up but I'll burst through, I'll defy ya
I will not compromise you'll find I'm here to stay

Da da da da dada da da
