

# BROKEN HEARTS

AViVA

Don't talk  
I could give you something  
To cry for if you wanted  
Worth all those tears  
There's nothing to fear  
I won't break your heart  
Don't trust what you hear  
Come in  
I promise a life free from pain  
Saving all your tears  
There's nothing to fear  
I won't break your heart

Tell me those things you want to  
Think you can trust me  
Guess you are wrong

Wa-watching hearts bre-e-ak still makes me laugh  
Si-sippin' tea-e-ear drops from a crystal glass  
Don't ask me if I am okay  
Won't beg you to stay  
You know what I'm like  
Wa-watching hearts bre-e-ak still makes me laugh

Your heart  
Holds the secrets I want  
So tell me before it gets worse  
I thought I was clear  
There's nothing to fear  
I won't break your heart  
Don't trust what you hear  
Come in  
I promised you'd have everything  
Give me all your tears  
Or live with your fear  
I might break your heart

Tell me those things you want to  
Think you can trust me  
Guess you are wrong

Wa-watching hearts bre-e-ak still makes me laugh  
Si-sippin' tea-e-ear drops from a crystal glass  
Don't ask me if I am okay  
Won't beg you to stay  
You know what I'm like  
Wa-watching hearts bre-e-ak still makes me laugh

Think I care but I can never  
Parts are broken not recovered  
Wanna laugh when others cry  
Listen to my lullaby  
Time to feast on my beloved  
Smiling wide but eyes are covered  
There's no end to my despair  
So no one gets their happy end

Wa-watching hearts bre-e-ak still makes me laugh  
Si-sippin' tea-e-ear drops from a crystal glass  
Don't ask me if I am okay  
Won't beg you to stay  
You know what I'm like  
Wa-watching hearts bre-e-ak still makes me laugh
