

# CEMETERY

AVIVA

In the dead of night  
Nobody near you; nothing, no light  
Make it fight or flight  
At the end of the day things don't feel right

Meet me here tonight  
In the darkness of this moonlit park  
I could be your bride  
But I can't promise I won't break your heart

Monsters calling hearing them talking  
Waiting down here for you

Meet me in the cemetery  
Get it in your head  
Where it's gonna end  
Meet me in the cemetery  
Get it in your head  
We can play pretend  
We can play pretend  
We can play pretend  
We can do it all night doesn't have to end  
Meet me in the cemetery  
Get it in your head  
Get it in your head

You let your heart take flight  
Trusted my smile, thought you'd stay for a while  
To your own demise  
Shoulda listened to your friends calling me a reptile

Nobody's gonna hear your cries  
Tinted windows, driving by  
I guess it's do or die  
Let me drag you down to the end of the line

Monsters calling hearing them talking  
Waiting down here for you

Meet me in the cemetery  
Get it in your head  
Where it's gonna end  
Meet me in the cemetery  
Get it in your head  
We can play pretend  
We can play pretend  
We can play pretend  
We can do it all night doesn't have to end  
Meet me in the cemetery  
Get it in your head  
Get it in your head

Trust what you're feelin'  
I'm still revealin'  
Everything is fine, fine

Trust what you're feelin'

I'll have you kneelin'  
You're gonna be mine, mine  
Mine, mine  
Mine

Meet me in the cemetery  
Get it in your head  
Where it's gonna end  
Meet me in the cemetery  
Get it in your head  
We can play pretend  
We can play pretend  
We can play pretend  
We can do it all night doesn't have to end  
Meet me in the cemetery  
Get it in your head  
Get it in your head
