

# Comatose

AViVA

Feels like I'm lying in a hospital bed  
I'm drowning again  
S-stuck in my head  
I'm always looking for a new scapegoat  
Nowhere else to go  
So the blinds stay closed

Catch me smiling  
Doesn't really matter  
That's cause no one knows...

I'm comatose  
Guess I'm really trapped here  
Comatose  
But I think I'm happy  
How long have I been like this?  
Who knows?  
I'm Co ma tose

Making more problems for myself again  
Pushing' a-way all my friends  
I don't need them, I guess?  
Just wake me up in the apocalypse  
When I'm useful again  
And you feel like this

Catch me smiling  
Doesn't really matter  
That's cause no one knows...

I'm comatose  
Guess I'm really trapped here  
Comatose  
But I think I'm happy  
How long have I been like this?  
Who knows?  
I'm Co ma tose

Comatose  
Comatose  
Comatose  
Comatose

No one knows...  
No one knows...  
No one knows...  
No one knows...

I'm comatose  
Guess I'm really trapped here  
Comatose  
But I think I'm happy  
How long have I been like this?  
Who knows?  
I'm Co ma tose
