Are you even real  
I don't think so and so I waste my time  
I think it up, I think it high  
I'm floating on the sky  
You're going down  
I don't know why you're going out of time  
But I own you oh you are mine oh baby you are mine  
Yeah I own you, 'cause baby you are, baby you are mine

I know you, every thought you breathe  
Control you, every meal you eat  
I'll watch you (whoa...)  
Watch me (whoa...)  
I know you, every thought you breathe  
Control you, every meal you eat  
I'll watch you (whoa...)  
Watch me (whoa...)

And when I wake into this dream  
I'm falling in and out of time  
Falling under, falling over  
Floating on the sky  
You face it when you're going down  
Our planets won't align  
When you're falling under  
Our planets won't align  
Our planets won't align

I know you, every thought you breathe  
Control you, every meal you eat  
I'll watch you (whoa...)  
Watch me (whoa...)  
I know you, every thought you breathe  
Control you, every meal you eat  
I'll watch you (whoa...)  
Watch me (whoa...)

(I'll watch you  
Watch me  
I'll watch you  
Watch me)

I know you, every thought you breathe  
Control you, every meal you eat  
I'll watch you (whoa...)  
Watch me (whoa...)  
I know you every thought you breathe  
Control you every meal you eat  
I'll watch you (whoa...)  
Watch me (whoa...)
