

See the girls all smiling inside they must be dyin'  
Everywhere I go, hoping I don't know  
Playing little games, lots of he-said-she-said blames  
Everywhere where you go, hoping you don't know

You hide while I seek all those secrets that you keep  
Secrets that you kept from me, but does it matter now?

'Cause you're dead to me (Can't you see that you're dead to me?)  
You're dead to me (Can't you see that you're dead to me?)  
I know what you said, but now I don't care  
'Cause you're dead to me (You're dead to me)

There's no use in trying, you're out feels like you're dying  
Things have all gone wrong, but I knew it all along  
Played those little games, only got yourself to blame  
Things have all gone wrong, but you knew it all along

You hide while I seek all those secrets that you keep  
Secrets that you kept from me, but does it matter now?

'Cause you're dead to me (Can't you see that you're dead to me?)  
You're dead to me (Can't you see that you're dead to me?)  
I know what you said, but now I don't care  
'Cause you're dead to me (You're dead to me)

(Dead to me, you're dead to me  
You're dead to me, you're dead to me)

'Cause you're dead to me (Can't you see that you're dead to me?)  
You're dead to me (Can't you see that you're dead to me?)  
I know (I know) what you said (what you said), but now (but now)  
) I don't care  
'Cause you're dead to me (You're dead to me)
