

# Done Better

AVIVA

Gave you all that I can give, but it wasn't enough, oh oh  
Tried to show me how to live when I was numb

And why did I never listen  
When you were listening to me  
And make the wrong decisions  
Resisting the help I need

Oh I know I could've done better  
Oh to keep you next to me  
They say don't blame it on the weather  
Oh hell no

I could've done better  
I could've done better  
I could've done better  
I could've done better, better

I could've done better  
To keep you next to me  
I could've done better  
Oh I could've done better

Tried to give you the best of [?], but it was coming undone, oh oh  
Every choice filled with regret, til the night we were done

So second time, I've tried to listen  
But feeling so misunderstood  
Every word in action misfigured  
But promises no good

And why did I never listen  
When you were listening to me  
And make the wrong decisions  
Resisting the help I need

Oh I know I could've done better  
Oh to keep you next to me  
They say don't blame it on the weather  
Oh hell no

I could've done better  
I could've done better  
I could've done better  
I could've done better, better

I could've done better  
To keep you next to me  
I could've done better  
Oh I could've done better

Oh I know I could've done better  
Oh to keep you next to me  
They say don't blame it on the weather  
Oh hell no

I could've done better
