

Everything Is Fine

AVIVA

(Fight me, fight me, bite me, bite me)
(Bite me, fight me, you don't wanna try-)
Wanna try me, fight me, bite me, bite me
Bite me, fight me, you don't wanna try me

Tired of the shit, autopilot everyday
I'm sick of losing it, people say I'm wasting my life
They won't ever understand, but I do the best I can
Running through the list of the things you told me last night
I should get a grip, but this madness is my birthright
You won't ever understand why I always play pretend

Fight me, fight me, you don't wanna try me
Nothing left to lose, so, I should just say "bite me"
Fight me, fight me, you don't wanna try me
Nothing left to say, but

Everything is fine, can't you see my smile?
Everything is fine, just running for my life
I'm okay-okay-okay, I'm alright
I'm okay-okay-okay, I'm alright
Everything is fine, can't you see my smile?
Everything is fine, just running for my life
I'm okay-okay-okay, I'm alright
I'm okay-okay-okay, I'm alright, right?

I just wanna quit 'stead of hiding all of this pain
Stuck in this charade like a character inside a game
Press your schedule, make it end, 'cause I never get to win

Fight me, fight me, you don't wanna try me
Nothing left to lose, so, I should just say "bite me"
Fight me, fight me, you don't wanna try me
Nothing left to say, but

Everything is fine, can't you see my smile?
Everything is fine, just running for my life
I'm okay-okay-okay, I'm alright
I'm okay-okay-okay, I'm alright
Everything is fine, can't you see my smile?
Everything is fine, just running for my life
I'm okay-okay-okay, I'm alright
I'm okay-okay-okay, I'm alright, right? (You don't wanna try-)

Fight me, fight me, bite me, bite me
Bite me, fight me, you don't wanna try-
Wanna try me, fight me, bite me, bite me
Bite me, fight me, you don't wanna-

Everything is fine, can't you see my smile?
Everything is fine, just running for my life
I'm okay-okay-okay, I'm alright
I'm okay-okay-okay, I'm alright
Everything is fine, can't you see my smile?
Everything is fine, just running for my life
I'm okay-okay-okay, I'm alright
I'm okay-okay-okay, I'm alright
