

Godzilla

AViVA

You're scared of me
And you should be
You sold me out
Gesthemene

Cause I irritate
Your entities
But you will bow
To a risen Queen

So conceited
No wonder you cheated
You couldn't take me down alone

No competition
I'm undefeated
You couldn't take me on your own

Radioactive
I move like GODZILLA
I keep them frantic
I keep them off kilter

Bust through their barricades
They know I stay killer
Shoulda known better than
To wake up GODZILLA

God-
Zilla-zilla-zilla-zilla-zilla
God-
Zilla-zilla-zilla-zilla-zilla

God-
Zilla-zilla-zilla-zilla-zilla
God-
Zilla-zilla-zilla-zilla-zilla

I'm on the prowl
I'm hungry now
You must of known
That I love a crowd

I shake the ground
I'm a powerhouse
And blow by blow
You're down and out

If they really knew you
They wouldn't like you
Time always reveals the truth

When they see the real you
They'll all despise you
And you'll always be stuck with you
