

# Holding Us Back

AViVA

Heading out, feel alright  
Pixie dust in my hair, catch the light  
Can you feel it  
Hypnotised  
Follow me into the light

Now you've found the right location  
Ready for a revelation  
Got a vibe, yeah, feeling real good  
So why they breaking up the whole mood

Go, go baby run  
Fast gotta get out of town  
Feel the crack in my heart as it breaks  
Go, go baby run  
No one holding us down  
See we gotta gotta gotta escape

Go, go baby run  
Fast gotta get out of town  
Feel the crack in my heart as it breaks  
Go, go baby run  
No one holding us down  
See we gotta gotta gotta escape

Breaking free, chase the light  
Golden glow on my skin, feels so right  
Can you feel it  
Hold on tight  
Running free, we're out of sight

Guess you got the information  
Now you know my situation  
Ugh everytime I'm flying so high  
Why they pull me out of the sky

Go, go baby run  
Fast gotta get out of town  
Feel the crack in my heart as it breaks  
Go, go baby run  
No one holding us down  
See we gotta gotta gotta escape

Go, go baby run  
Fast gotta get out of town  
Feel the crack in my heart as it breaks  
Go, go baby run  
No one holding us down  
See we gotta gotta gotta escape

Go, go baby run fast  
Running for our lives  
No one's holding us back

Go, go baby run fast  
Running for our lives  
No one's holding us back

Go, go baby run fast  
Running for our lives  
No one's holding us, holding us, holding us back
