

No one knows the truth that I'm hiding  
Truth is, nothing's true but you still seem so surprised  
Watch ya back  
Don't know what to do? Just smile  
Can't say you'll ever find me running  
Got my demons back, watching my back hear them humming  
Can't stop that  
Don't know what to do? Just smile

Got tricks up my sleeve  
Make you wish you could leave  
I could really, really make you scream

I'm good, how are you? Never better  
I'm in-in-in-insane  
I'm Houdini in chains  
I'm good, how are you? Never better  
I'm in-in-in-insane  
I'm Houdini in chains

I'm Houdini in chains  
Don't make me explain  
I'm insane

Never understand what I'm cooking  
See my mind chopped up if you insist on looking  
Don't do that  
Don't know what to do? Just smile  
Hear the door lock when you walk in  
Even if you want to leave it will never open  
Got you back  
Don't know what to do? Just smile

Got tricks up my sleeve  
Make you wish you could leave  
I could really, really make you scream

I'm good, how are you? Never better  
I'm in-in-in-insane  
I'm Houdini in chains  
I'm good, how are you? Never better  
I'm in-in-in-insane  
I'm Houdini in chains

I'm Houdini in chains  
Don't make me explain  
I'm insane

Hanging by the end of a chain  
And they think I'm okay  
But I'm really insane  
(I'm insane)  
Hanging by the end of a chain  
And they think I'm okay  
But I'm really insane  
(I'm insane)  
Hanging by the end of a chain

And they think I'm okay  
But I'm really insane  
(I'm insane)  
Hanging by the end of a chain  
And they think I'm okay

I'm good, how are you? Never better  
I'm in-in-in-insane  
I'm Houdini in chains  
I'm good, how are you? Never better  
I'm in-in-in-insane  
I'm Houdini in chains

I'm Houdini in chains  
Don't make me explain  
I'm insane
