

# In Too Deep

AVIVA

Here we go again, everything's starting (starting)  
To the freak show, they all come gawking  
The line is out the door  
Hungry people wanting more, more

Like a roundabout that keeps on turning (turning)  
Stuck at the wheel and it is hurting  
The exit's too far gone  
Don't know how I can let it go

Running out of time, it feels like I cannot escape

I'm in too deep, they all want a piece  
I'm in too deep, they want it from me  
I'm in too deep, why can't you see?  
I'm in too deep, they want it from me

Now, all the pretty faces are watching (watching)  
Paid to see a show, but I'm balking  
'Cause I know what they want  
Give them an inch, they'll take it all, all

Like a roundabout that keeps on turning (turning)  
Stuck at the wheel and it is hurting  
The exit's too far gone  
Don't know how I can let it go

Running out of time, it feels like I cannot escape

I'm in too deep, they all want a piece  
I'm in too deep, they want it from me  
I'm in too deep, why can't you see?  
I'm in too deep, they want it from me

I'm falling, tried calling  
I'm falling down, down, down  
I'm falling, tried calling  
I'm falling down, down, down, down

(I'm falling, I'm falling down, down, down, down)

I'm in too deep, they all want a piece  
I'm in too deep, they want it from me  
I'm in too deep, why can't you see?  
I'm in too deep, they want it from me

I'm falling, tried calling  
I'm falling down, down, down  
I'm falling, tried calling  
I'm falling down, down, down, down
