Lonely

AViVA

I got this fear that you are dragging me down, down
I cannot break it, see the signs all around, round
I'm trying to fight it but I cannot escape
'Cause I can't get away, no I can't get away

You brought me down, thought that I couldn't get up
Knew I would fight but it is never enough
I feel it in my bones, I feel it in the air
I've gotta get outta, get outta here

'Cause I'm so lonely, I'm so lonely
'Cause I'm so lonely, I'm so lonely, can't you see?

My demons gather, watch as they all surround, round
I tried to fight them but they just hold me down

But I will fight, I know that I'll get back up
I always try, one day it will be enough
I feel it in my bones, I feel it in the air
I'm gonna get outta, get outta here

'Cause I'm so lonely, I'm so lonely
'Cause I'm so lonely, I'm so lonely, can't you see?

Left me feeling gloomy, dropped me in the trash
I keep trying to fight it but there's no going back
'Cause I'm so lonely, I'm so lonely, can't you see?

'Cause I'm so lonely, I'm so lonely
'Cause I'm so lonely, I'm so lonely, can't you see?

Left me feeling gloomy, dropped me in the trash
I keep trying to fight it but there's no going back
'Cause I'm so lonely, I'm so lonely, can't you see?
