

Own Worst Enemy

AViVA

How does it feel to be your own worst enemy?
Well, I'm my own worst enemy
Wearing a mask, hope they don't ask, "I'm fine"
Hope they don't ask...

Guess I wasn't being fair on them
Got them in my web, they're bleeding now
But I can't release it
Without the pain
What is it that I'm feeling?
Drive me insane

You said that "I don't wanna regret"
Hated all the words, now I'm crying in bed
I tried, I tried to forgive, forgive and forget
Memories dead, forget who I am, what I said

How does it feel to be your own worst enemy?
Well, I'm my own worst enemy
Wearing a mask, hope they don't ask, "I'm fine"
Hope they don't ask...
Why can't you see that I'm my own worst enemy?
Trapped in this hell, I can't get free
Trying to pass, hope they don't ask, I'm fine
Wearing a mask, trying to pass

Not your fault I'm left feeling this way
I'd probably end up like this anyway
Can't open up revealing, don't wanna say
Just gotta keep concealing all of my pain

You said that "I don't wanna regret"
Hated all the words, now I'm crying in bed
I tried, I tried to forgive, forgive and forget
Memories dead, forget who I am, what I said

How does it feel to be your own worst enemy?

Wearing a mask, hope they don't ask, "I'm fine"
Hope they don't ask...
Why can't you see that I'm my own worst enemy?
Trapped in this hell, I can't get free
Trying to pass, hope they don't ask, "I'm fine"
Wearing a mask, trying to pass
