AViVA

Always beggin' me for more  
Falling through the cracks, got 'em scrambling  
They beggin', beggin'

I forget, I'm always in first place  
Every boy sinks while I'm on the, on the riiiiise

Their girls, they be vapid, plastic  
But Imma be alright  
'Cause you know I got that fiiayah  
So yeah, I be killing all night  
I know how to make 'em move  
I know I'm irresistible  
Everybody know it be ritual

Everybody know it be ritual

I know how to make 'em move  
Everybody know it be ritual

I know I'm irresistible  
Everybody know it be ritual

I win, always reaching high score  
Pressure on my back  
But I'm built to be a weapo', weapon  
Left behind, beggin' me for more  
They stuck in place and they see  
I'm gonna, gonna fly

Those lives, they so static, tragic  
But I'mma be alright  
'Cause you know I got that fiiayah  
So yeah, I be killing all night  
I know how to make 'em move  
I know I'm irresistible  
Everybody know it be ritual

Everybody know it be ritual

I know how to make 'em move  
Everybody know it be ritual

I know I'm irresistible  
It be ritual
