

Stuck

AViVA

Everyday it's like I run around in circles
Can't listen to the voices in my head
Dark thoughts keep me under the surface
Fate that is way worse than death
Who am I? Don't feel like me
I'm stuck inside this fever dream
What's the point of tomorrow
If it's at the end of a bottle?

'Cause I'm stuck, tryna get back up
Running out of luck, lost touch
But I'm screaming at the top of my lungs

I'm down, down
Stuck on the ground, ground
All of my sins keep weighing me down
Stuck in my head
Afloat til I drown
Down
They buried me low, low, low
Call out my name
I can't hear a sound
Stuck in my head and I can't get out

Thought I'd wait for someone with the answers
Blurry faces all crowding in my head
Nightmares in the daylight still haunt me
I guess this what they call despair
No one wants to intervene
Still trapped like some cheap figurine
Was my freedom a borrow
Will I still be waiting tomorrow

'Cause I'm stuck, tryna get back up
Running out of luck, lost touch
But I'm screaming at the top of my lungs

I'm down, down
Stuck on the ground, ground
All of my sins keep weighing me down
Stuck in my head
Afloat til I drown
Down
They buried me low, low, low
Call out my name
I can't hear a sound
Stuck in my head and I can't get out
