

The Rush

AVIVA

La lala lala la la la
La lala lala la la
La lala lala la la la
La lala lala la la

Dance around my fire
Yeah, I can see what you desire
I found me a hidden supplier
The way you spark sparkin' like a live wire

Boom boom boom yeah, I got you obsessed
I can feel the heat, baby, it's hard to forget
Boom boom boom, yeah, you're passing the test
I can feel the blood pumping, feel the rush in my chest

La lala lala la la la
La lala lala la la (uh-oh uh-oh)
La lala lala la la la
La lala lala la la (uh-oh uh-oh)

La lala lala la la la (The flames are gonna get you)
La lala lala la la (They gonna get you, get you)
La lala lala la la la (The flames are gonna get you)
La lala lala la la (They gonna get you now)

Now you callin' me a liar (Lala)
But I can see you're burning brighter (Lala)
You can't hide what you desire (Lala)
So come on babe now, speak up, speak up (Lala)

Boom boom boom yeah, I got you obsessed
I can feel the heat, baby, it's hard to forget
Boom boom boom, yeah, you're passing the test
I can feel the blood pumping, feel the rush in my chest

La lala lala la la la
La lala lala la la (uh-oh uh-oh)
La lala lala la la la
La lala lala la la (uh-oh uh-oh)

La lala lala la la la
La lala lala la la (The flames will get you, get you)
La lala lala la la la
La lala lala la la

La lala lala la la la (The flames will get you, get you)
La lala lala la la (You're burning up)
La lala lala la la la (The flames will get you, get you)
La lala lala la la (It's getting hot, get you)

I'm gonna get you now
The flames will get you, get you
