

# UNBREAKABLE

AViVA

Trick from start was never a treat  
Leading me blind down unlit streets  
Holding my hand let them rip me to pieces

Why did I trust you?

Tore me apart but I wouldn't scream  
Forget broken hearts they all broke me  
Thought I was dreaming

But now it's a nightmare

Put my armor on  
Hear the final song  
With their battle cries  
It'll end tonight

Put my armor on  
Hear the final song  
With their battle cries  
It'll end tonight

I'm unbreakable  
I'm unbreakable  
I'm unbreakable  
You can't stop me

I'm unbreakable  
I'm unbreakable  
I'm unbreakable  
You can't stop me

Thought I was falling that you'd set me free  
Arms open wide things weren't as they seemed  
But I'm unbreakable  
Consider this warning

I hear the phone ring but I'll never peep  
Now you're just stalling, you see through me  
You went from being my biggest dream  
Now it's a nightmare

Put my armor on  
Hear the final song  
With their battle cries  
It'll end tonight

Put my armor on  
Hear the final song  
With their battle cries  
It'll end tonight

I'm unbreakable  
I'm unbreakable  
I'm unbreakable  
You can't stop me

I'm unbreakable  
I'm unbreakable  
I'm unbreakable  
You can't stop me

Even with all these monsters in my head  
They try to drag me down but I insist

I'm unbreakable  
I'm unbreakable  
I'm unbreakable  
You can't stop me

I'm unbreakable  
I'm unbreakable  
I'm unbreakable  
You can't stop me

Even with all these monsters in my head  
They try to drag me down but I insist

I'm unbreakable  
I'm unbreakable  
I'm unbreakable  
You can't stop me
