

Vampire

AViVA

Every person that you meet just thinks you're crazy
No one wants to know you, not until they do
They don't seem to care or notice that you're draining
You just take your-
Fill up you chalice with their love
Bathing deeply in their trust

I'll show them
Who I am
I think I know exactly what to do

I'm gonna be bad like you
Watch 'em run into the panic room
I'm gonna be d-d-d d-dangerous
Just like you
I'm gonna drain hearts like you
Leave 'em screaming in the dark swear I'll do
I'm gonna be d-d-d d-dangerous
Just like you

You know how to make your followers obsessive
It is like a cult the way they worship you
Something bout that kinda powers so pervasive
You just take your-
Fill up your coffers with their coin
Bathe in the light, you're so adored

I'll show them
Who I am
I think I know exactly what to do

I'm gonna be bad like you
Watch 'em run into the panic room
I'm gonna be d-d-d d-dangerous
Just like you
I'm gonna drain hearts like you
Leave 'em screaming in the dark swear I'll do
I'm gonna be d-d-d d-dangerous
Just like you

I'm gonna be bad like you
Watch 'em run into the panic room
I'm gonna be d-d-d d-dangerous
Just like you
I'm gonna drain hearts like you
Leave 'em screaming in the dark swear I'll do
I'm gonna be d-d-d d-dangerous
Just like you
