

## Father Centipede

Avoid

I am the enemy  
Something inside of me  
Pulls me closer to desolation

Turn back, walk away  
Keep living in your hollow shell  
Soon enough, I'll be your everything  
Your pain, your misery

Don't tell your secrets to me  
I never promised to keep  
So pay attention because I am your enemy  
Don't tell your secrets to me  
I never promised to keep  
So pay attention because I am your enemy  
Your enemy

Remain indoors  
Do not make a sound  
I'm coming for you now  
And I'm out for blood  
Can you feel me? (Feel me)  
Do you fear me? (Fear me)  
You're not listening (Listening)  
I am everything

Don't tell your secrets to me  
I never promised to keep  
So pay attention because I am your enemy  
Don't tell your secrets to me  
I never promised to keep  
So pay attention because I am your enemy

Don't trust me  
Fear everything  
In your mind  
The enemy  
Don't tell your secrets to me  
I never promised to keep  
So pay attention because I am the enemy

Yeah  
Your enemy  
Your enemy
