

# HEAT

## Avoid

Can't sleep, can't eat, I'm too weak  
Pull back the sheets  
And throw it on repeat  
I'm better when I dream  
Tired eyes, I can't take the sunlight  
To my surprise  
Can I find relief?  
Will I be at peace?

Why should it matter to you?

Why should it matter to you?  
It doesn't matter to me  
Please stop trying to fix things  
Why should it matter to you?  
It doesn't matter to me

Left field is so real  
Can you feel me start to heal?  
There's no end in sight  
This is quite alright  
Thick skin, the armor is built in  
It's always been  
I don't need your help  
So you should save yourself

Why should it matter to you?  
It doesn't matter to me  
Please stop trying to fix things  
Why should it matter to you?  
It doesn't matter to me  
Please stop trying to fix things

Nobody tells you when you've gone too far  
I'm sick of settling so take my body away, away  
To somewhere they can never find me  
Nobody tells you when you've gone too far  
I'm sick of settling so take my body away, away  
To somewhere they can never find me

Yeah, yeah

You're running, stop running  
No sense in trying to chase yourself  
You know, you know  
You know there's nothing that can stop me from what I'm looking for

Why should it matter to you?  
It doesn't matter to me  
Please stop trying to fix things  
Why should it matter to you?  
It doesn't matter to me

Why should it matter to you?
