

## Midnight Six

Avoid

(Why can't I let go?)  
(Why can't I let go?)  
Why can't I let go?  
Why can't I let go?

You're asking questions that I'll never have the answer to  
All you need know is I've got nothing left to prove  
Make no mistake I know the road ahead won't always be my friend  
But that doesn't matter to me

I wish I could  
Step back get on track  
I know I can't shape the world around me  
But I can't help to dwell on things I can't control

Why can't I let go?  
It's been so long  
Hope I didn't fall behind  
But what do I know  
Could never say I'm wrong  
But I don't even know what's right  
I'm so far gone  
I'm so far gone

It's always on my mind  
Life on display all the time  
I didn't know what I signed up for  
I can see my life  
Burning in the distance  
And I don't wanna miss my chance again

Why can't I let go?  
It's been so long  
Hope I didn't fall behind  
But what do I know  
Could never say I'm wrong  
But I don't even know what's right  
I'm so far gone  
I'm so far gone

There's no turning back now  
(There's no turning back now)  
Into the unknown  
(Into the unknown)  
Looking for an answer  
(Looking for an answer)

Why can't I let go?  
It's been so long  
Hope I didn't fall behind  
But what do I know  
Could never say I'm wrong  
But I don't even know what's right  
I'm so far gone  
I'm so far gone

I'm so far gone

I'm so far gone  
There's no turning back now
