

## Song About James

Avoid

Maybe I lost my head  
Maybe I chose my fate  
You had all the answers first  
And I was too late  
Maybe I lost my head  
Maybe I chose my fate  
You had all the answers first  
I lost your game...

No, it wasn't you  
I could see it way back  
When I failed, you got the best of me  
Nothing makes this simple  
About the way that  
Way that you got the best of me

Scenery is changing  
Looking at the broken spaces I have  
It's almost gone  
Shirley you don't notice  
But I am standing broken in my path

It wasn't you, wasn't

No, it wasn't you  
I could see it way back  
When I failed, you got the best of me  
Nothing makes this simple  
About the way that  
Way that you got the best of me

Way that you got the best of me  
Way that you got the best of me

I don't want to settle back to this  
I'll come in harder just you watch and see

I can't live without this  
It makes me sick to know you rose above me  
Over and over again

No, it wasn't you  
I could see it way back  
When I failed, you got the best of me  
Nothing makes this simple  
About the way that  
Way that you got the best of me

No, it wasn't you  
I could see it way back  
When I failed, you got the best of me  
Nothing makes this simple  
About the way that  
Way that you got the best of me

No, it wasn't you  
I could see it way back

When I failed, you got the best of me  
Nothing makes this simple  
About the way that  
Way that you got the best of me
