

bite my tongue

AVRALIZE

When I say I'm sorry
It's just a carbon copy
Yeah, I'm chronically

Yeah, I'm choking
Sharp words spoken
Wounds opened
(Beaten to the bottom)
Hearts broken
Guns still smoking
(Beaten to the bottom)

Just set me up
Like anybody else
Go let it out
Don't keep it to yourself
Just kill it now
Make it worth remembering

When I say I'm sorry
It's just a carbon copy
Yeah, I'm chronically
(Too late too late)
Too late too late

Yeah, I'm twisted
Souls inflicted
We're shifted
Lies tasted
Time is wasted
Empty apologies

Just take your shot
Like everybody did
Don't hold it back
I know you're full of it
Just twist the knife
Make it feel like something real
Like something real!

When I say I'm sorry
It's just a carbon copy
Yeah, I'm chronically
(Too late too late)
Too late too late

Oh, I bite my tongue tonight
Every line's a landmine
It's so hard to speak my mind
You twist the plot, but play the saint

My gut is wrecked
From all the words unsaid
Once a thought's in your head
You can never take it back

Spit it out!

Spit it out!
Spit it out!
Spit it out out out!
Suck the venom from my!

Suck the venom from my wounds!

When I say I'm sorry
It's just a carbon copy
Yeah, I'm chronically
(Too late too late)
Too late too late

Oh, I bite my tongue tonight
Every line's a landmine
It's so hard to speak my mind
You twist the plot, but play the saint
