AVRALIZE

Waking up  
Surrounded by your ghosts  
Im haunted  
No way out  
Will I ever escape  
You calling my name

So, so  
So cold and desperate  
Trying to run  
But it's hopeless  
No escape insight but I won't give in  
No I won't give in

Running and running  
The fear never ends  
Chased by your Deamons  
They never relent  
Sometimes I think it's just all in my head  
Am I save now  
Reality pulls back

Killing me with no hesitation  
I feel the shivers on my neck yeah  
Will I ever find salvation  
You stabbed me in my back

The room starts to shatter  
Just ashes to breathe  
See me fall through the darkness  
Waves of debris  
Nowhere to run and nowhere to hide  
Trying to slip off the edge of your knife

Ashes to ashes and dust to dust  
The look in your eyes  
They're filled with lust  
Come on let's do it  
Bring it to an end  
Your breath so cold like the knife  
In your hand

Killing me with no hesitation  
I feel the shivers on my neck yeah  
Will I ever find salvation  
You stabbed me in my

Killing me with no hesitation  
I feel the shivers on my neck yeah  
Will I ever find salvation  
You stabbed me in my back
