

Falling Down

Avril Lavigne

If fears what makes us decide,
Our future journey,
I'm not along for the ride,
Cuz I'm still learning,
To try and touch the sun,
My fingers burning,
Before you're old you are young,
Yeah I'm still learning

I am falling down,
Try and stop me,
It feels so good to hit the ground,
You can watch me,
Fall right on my face,
It's an uphill human race,
and I am falling down
I'm standing out in the street,
The earth is moving,
I feel it under my feet,
And I'm still proving,
That I can stand my ground,
And my feet are there, haven't washed my hair
Too be lost before you are found,
Don't mean you are losing

Some day I'll live in a house
Etc., etc., etc.
But you know that's not for now
and for now I'm falling
down...down...down...,
down...down...down,
down...down...down,
Yeah e Yeah..Yeah e Yeah,

I'm falling down,
I'm falling down..I'm falling down...
I'm falling....
Feels so good to hit the ground...
I am falling
