

## Brainsuck

## Avulsed

They come out at night  
Devouring you all  
A crazy instinct  
To eat human meat

Ripping out your entrails  
and chewing your guts  
Breaking your bones  
and tearing out your skin

They just can't resist  
To hunt human preys  
Fucking brainless runners  
Won't ask before bite

But their favourite dish  
It's just what they lack  
Your tender grey mass  
Excite them to the max

Cracking your skull  
Just with a stone  
Splitting your head  
Exposing your fudge

Brainsuck  
Brainsuck  
Brainsuck  
Brainsuck

Ripping out your entrails  
and chewing your guts  
Breaking your bones  
and tearing out your skin

They just can't resist  
To hunt human preys  
Fucking brainless runners  
Won't ask before bite
