Avulsed

Never eat meat, nothing that was  
previously alive or coming from it

Where have you seen a living dead guy  
still with principles even after death

His conscience was so fucking deep  
that he couldn't feed of human meat  
like any other typical zombie  
He would devour just human vegans

Cannivegan Corpse  
Cannivegan Corpse  
Cannivegan Corpse

Feeding on vegan meat, was not a sin  
That kind of protein, is unadulterated  
This is the nearest way, to keep veganism  
On this hard state, where one has to eat human flesh
