Z-Hunter

Avulsed

After hecatomb planet was ruined
The human race was on extinction
Dead people came back to life
We all know how they’re called

Despite of some stupid movies
Where they avoid calling them zombies
Looking like nerds that’ve never seen
A zombie’s movie in their lives

Call them as you wish, they’re all the same
Walkers, Roamers, Lukers, Biters...
Just bullshit terms, trying to define
A simple being, a stupid zombie

They just can’t think
They’re moving slow
Can’t talk a word
Easy to kill

Zombie Hunter, crush their heads
Zombie Hunter, chop their arms

Zombie Hunter, break their teeth
Zombie Hunter, cut their necks
Zombie Hunter, leave no one
Zombie Hunter, kill’em all

Despite of some stupid movies
Where they avoid calling them zombies
Looking like nerds that’ve never seen
A zombie’s movie in their lives

Call them as you wish, they’re all the same
Walkers, Roamers, Lukers, Biters...
Just bullshit terms, trying to define
A simple being, a stupid zombie

They just can’t think
They’re moving slow
Can’t talk a word
Easy to kill

Zombie Hunter, break their teeth
Zombie Hunter, cut their necks
Zombie Hunter, leave no one
Zombie Hunter, kill’em all
