

## Echoes

### Awake The Dreamer

Drowning in the echoes  
Of ghosts from the past  
Numbing all the pain points  
Like the ghost from the past

Drowning in the echoes  
The pieces of a life I can't endure  
Numbing all the pain points  
The lessons that I never really learned  
Was I ever good enough  
Well, at least I'm a failure  
Well, at least I'm a failure  
Yes I'm a failure  
I know

Drowning in echoes of my own doubt  
Silent screams never make it out  
Trapped in a cycle, a never ending fight  
Lost in darkness in search for light

Drowning in the echoes  
Numbing all the pain points  
Drowning in the echoes  
Like the ghost from the past

Drowning in the echoes  
The pieces of a life I can't endure  
Numbing all the pain points  
The lessons that I never really learned  
Was I ever good enough  
Well, at least I'm a failure  
Well, at least I'm a failure  
Yes I'm a failure  
I know

Drowning in echoes of my own doubt  
Silent screams never make it out  
Trapped in a cycle, a never ending fight  
Lost in darkness in search for light

Drowning in the echoes  
The pieces of a life I can't endure  
Numbing all the pain points  
The lessons that I never really learned  
Drowning in the echoes  
Like the ghost from the past

Drowning in the echoes  
Numbing all the pain points  
Drowning in the echoes  
Like the ghost from the past

Drowning in the echoes  
Numbing all the pain points  
The lessons that I never really learned  
Drowning in the echoes  
Was I ever good enough

Well, at least I'm a failure  
Well, at least I'm a failure  
Yes I'm a failure  
I know
