

# Crayons

awfultune

I'm okay  
In the corner's where I used to stay  
Always cared what people say  
But now I'm doing me

I overthink  
Let people talk me out of wearing pink  
I felt so out of sync  
Didn't feel like me

I wanna wear baby blue  
I've never seen something so cute  
I don't ever wanna be like you  
That lifestyle is not for me

Life is better in color  
Life is better in color  
We should love one another  
Love one another  
Why are we so hateful towards each other?  
Hateful towards each other  
We should all come together  
All come together  
Yeah

Don't listen to what they say  
They don't know what they're saying anyway  
It's not their fault though  
They grew up this way  
Spread kindness and educate

I wanna wear baby blue  
I've never seen something so cute  
I don't ever wanna be like you  
That lifestyle is not for me

Life is better in color  
Life is better in color  
We should love one another  
Love one another  
Why are we so hateful towards each other?  
Hateful towards each other  
We should all come together  
All come together  
Yeah
