

## Hey Stranger!

awfultune

I don't know much about at all but I want to  
So here's my number won't you go ahead and call me  
I know you want to  
And I been waiting here all night  
Wondering what took you so long  
And I been waiting here all night  
Pretending that nothing is wrong  
Hey Stranger!  
I want to be your everything  
And I think you feel the same  
And it just feels so right  
Hey Stranger!  
Talking about you all the time  
Thinking that your love is mine  
So that you just hold me tight  
Hey Stranger!  
'Cause I would like to see you tonight  
Hey Stranger!  
'Cause I would like to see you tonight  
Hey Stranger!
