

Someday I'm gonna be alright  
One day I'll get to sleep at night  
Some days you'll say that I'm a friend  
Next day your love was all pretend

Someday I'll find my peace of mind  
One day I'll finally know what's right  
Someday this pain will go away  
One day I'll never have to say:

"I wanna kill this demon  
Inside of me  
I wanna disappear  
I wanna know what you see"  
(Oh oh)

I'm not perfect  
Show me someone who is  
Really thought you were worth it  
But now I'm finding out who is  
And all this misery inside of me  
The memories never leave me  
I really thought you were worth it  
But now I'm finding out the fee  
Is me  
(Oh oh)

I'm not perfect  
Show me someone who is  
I really thought you were worth it  
But now I'm finding out who is
