Never Ever

awfultune

I didn't think I had plans today
I catch you holding her hand and walking my way
I really don't understand, I don't know what to say
I've been your number one fan from the very first day

So tell me why
Why you gotta do me
Do me this way, baby
I'm telling all my friends about the feelings
That I can't display or let you see
I wish that I could finally win and yell
"Hip-hip hooray! Look at me"
But you will always always always like her
You'll never ever like me

Feelings stink like a dumpster
And I really think you should dump her
Man I'm so mean that I just want to scream
I'm really falling in deep
You said you liked the challenge
So just kick it up a notch
And give me all you got and we'll just see

Why, why you gotta do me
Do me this way, baby
I am sitting in my room
I think the walls are closing in on me and I can't believe
That this feelings really real
I think I'm feeling really ill
But hey, look at me!
You're gonna always always always like her
You'll never ever like me

I'm getting around and I can finally see
I've been in the lost and found
But I'm just really not your thing
I was such a pretty flower and I grew in the ground
And you walked all over me
I think you'll always always always see her
You'll never ever see me, me
I think you'll always always always like her
You'll never ever like me
