

# Come Stop Me

Awkwafina

Yo it's that hot shrimp, in yo face, call that shit hibachi  
I don't even need words, koyaanisqatsi  
When it come to skin, bitch I'm thick like congee  
How I run the game with a dick like Fonzie  
And all these chickens on me, Joanies on the Chachi  
Hoes on a mission but they can't afford the Caché  
You know I'm tryna holler in a whip, so swampy  
You know I'm tryna holler in that whip come stop me

Watch me

You know I'm tryna holler in that whip come stop me  
Come stop me  
Come stop me  
Come stop me  
Come stop me

I'm on that Real Time, Bill Maher, ballin' like the Romneys  
Sweater game tight like I'm rolling with the Cosbys  
Me and Awkwafina making bread like banh mi  
If we have a baby then we namin' it Dasani  
Try me, (Come on, try me), here's Johnny  
New socks every day, fuck doing laundry  
Chucks from the swap meet, cups of Don P  
Win some dime pieces, gettin' drunk as my auntie

Watch me

You know I'm tryna holler in that whip come stop me  
Come stop me  
Come stop me  
Come stop me  
Come stop me
