

## Yellow Ranger

Awkwafina

Faux thugging  
Killa queens loving  
You with that bitch look like Pooh Bear's cousin  
Block hugging  
Bitches liking danger  
Saber Tooth Tiger  
I'm a ma'fucking Yellow Ranger  
And Awkwafina just a ratchet ho  
Instagramming kitties, topping swag up on that FroYo  
Deez make us out of space  
Dollars never saving face  
Roll up with these chicken heads  
Acting like we own the place  
Yo  
And I bring that yellow to the rap game  
High with these little eyes, Po can't tell if I'm blazed  
Shout out to Greenpoint, Kielbasa in the oven  
Greenpoint where all the bitches look like Lena Dunham but  
Direct deposit that heat up in your inbox  
9-to-5 office thighs, scanning on the xerox  
But I got some time for a bagel and a muffin  
Team, moving forward damn these bitches can't say nothing  
But I got this all up on my LinkedIn  
Proficient in spitting, turning red when I'm drinking  
Emancipating pussy like I was Abe Lincoln  
Squirting out that Kool-  
Aid til all these ratchets sinking, sinking
