

## Some Sort of Creature

AWOLNATION

I saw a sort of gypsy, hippy lady  
With her daughter  
And uh,  
They were both carrying some sort of, like rodent  
That had a tail  
That looked like wooden  
So I thought they were carrying wood  
But it turns out it was some sort of creature  
And I have no idea what it was  
It really blew my mind
